CAUSED BY BOMB, IS OFFICIAL OPINION

Accident, Declares Lamont of Banking Firm; Other Opinions CRASH CAME AT STROKE OF NOON Firm Had Heard No Threat, Burns Says Anticipated

NEW YORK, Sept. 15.—(By The Associated Press.)—The explosion in Wall Street near Broad Street, which destroyed the Morgan Bank and the U. S. Sub-Treasury, was caused by a bomb, according to the official opinion of the Federal Bureau of Investigation.

At least twenty persons were killed, more than 200 were injured, the banking house of J. P. Morgan & Co. and the U. S. Sub-Treasury, and the office of the Federal Reserve Bank were destroyed.

The explosion was caused by a bomb which was thrown into the Morgan Bank building from a nearby street. The bomb exploded at the corner of Wall Street and Broad Street.

Then came a deafening blast. A moment later scores of men, women and children were hurled into the air and the streets were covered with debris from thousands of broken windows and the roof of the building.

Sub-Treasury officials, fearing that an attempt might be made to rob the vaults, fled in haste to the vaults. The vaults were found to be intact.

Chief Police Inspector Lahey reported that the explosion was caused by a bomb which was thrown into the Morgan Bank building from a nearby street.

Warning that radicals planned a bombing of the Morgan Bank was given to the police by a man who was seen in the vicinity of the explosion.

WARNING, EXPLOSION GIVEN WEDNESDAY TO FRENCH COMMISSION

NEW YORK, Sept. 15.—A letter giving warning of today's explosion was dropped Wednesday morning through the mail slot of a door in one of the offices of the French Highway Commission at 35 Broadway, it was learned tonight.

The writer said he thought he was forwarding a service to the French Commission by advising Maurice Casanova, minister plenipotentiary and his assistants, of the fact that catastrophe would occur in Wall Street about 2:30 o'clock.

The writer suggested that Lieutenant Arnaud advise Minister Casanova to have the office of the commission closed and unoccupied at 2 o'clock so that the lives of the office staff might be spared.

The writer of the letter, the police believe was familiar with all the plans of the plot and will be able to point out all the responsible parties.

NEW YORK, Sept. 15.—(By The Associated Press.)—It was a crash out of a blue sky—an unexpected, death dealing bolt which in a twinkling turned into a shambles the busiest corner of America's financial center.

It was a reporter for the Associated Press who was an eye witness of today's explosion in New York's financial district, who thus described the scene.

"I was just turning into Wall Street from Broadway," he said, "when I first felt it, rather than heard the explosion. A concussion of air similar to that experienced by a passenger on the subway when a train dashes into one of the under river tubes was felt. Its force was sufficient to lift me up and throw me off my balance."

Officials of the Post Office Department declared, postal inspectors were ready to co-operate with other agencies in the investigation of the explosion.

There were between four hundred and five hundred employees in the Morgan building at the time of the explosion.

SITUATION IN HOUSING WORSE

Teachers Forced to Appeal to Public For Rooms in Home

The housing situation in Fresno, by reason of the tremendous building activity of last spring, is more serious now than it was last winter. The absence of home security seems to have been exacted when teachers in the city school after a fruitless canvass of the residential district are forced to appeal through the news columns of The Republican for some one to offer living quarters.

Teachers standing here for the second time in finding it almost impossible to secure houses or rooms, and the number of other sources. The Chamber of Commerce is daily beset with inquiries from persons seeking houses, apartments or rooms.

According to City Trusting Thomas Anson members of the police and fire department are experiencing the same difficulty.

The suggestion has been made that persons who are unable to assist in relieving the shortage in rooms by taking some person into the home communitate with the Chamber of Commerce, listing their name and address.

The most recent appeal of the day comes from the newly arrived physical directors of the Fresno Intermediate school, who can find no place to live in the city.

The letter is addressed to the attention of "Fresno" with a kind heart which "thinks" two teachers for the week.

"We teach physical education at Fresno Intermediate school. We are strangers in your town and just temporary stopping place until they could find a place to live. We are looking for two where we could have a place or two rooms with private bathroom and laundry. We are looking for a place to live in the city school. One of us has a Ford car and garage space would be acceptable."

"Have nothing in Fresno last Saturday we spent all our spare time looking for some place to stay but we find none. We notice some beautiful homes here. However they are too expensive to rent. We are looking for a place to live in the city school. One of us has a Ford car and garage space would be acceptable."

"What we appeal to their generosity to take us in. We are glad to pay any reasonable rent. They may request. With gladly assistance in any manner or educational work. One of us studied music at the Master's Summer School in Chicago. We will help you if you can help us."

"Otherwise we will have to get married. We are desperate means. Call physical directors at Fresno school Friday or leave word at Fresno Republican office for us."

"Many thanks yours in need."

BUILDING FOR E. P. BLACK, KERN--BROADWAY

Bids will be asked in a few days on the construction of a one story brick and cement building to stand at the northwest corner of Broadway and Kern. The owner of the property is F. P. Black, merchant. According to plans prepared in the office of R. F. Felchlin & Co., the building will occupy a ground space of 100 by 150 feet, and will be divided into ten stores. The architect's estimate places the cost of construction at approximately \$55,000.

According to a statement yesterday by the owner, the stores will all be rented. It is not the intention of Mr. Black to establish another store in the new building.

REASONS GIVEN FOR ORGANIZING

Selmans Want Laws Changed to Permit Co-Operative Associations

At the meeting held at Selma Wednesday evening last the growers, under auspices of the Chamber of Commerce, the following resolutions were adopted:

"Whereas, a bill brought by the attorney-general is now pending against California Associated Raisin Company, be it resolved as follows:

"First—That we hereby approve the work of the California Raisin Company and all similar organizations.

"Second—That it is the unanimous sentiment of this meeting that said raisin company and said bill should be dropped, and that the raisin growers should be permitted to organize themselves into a co-operative association, and to sell their product through such an association.

"Third—That it is the unanimous sentiment of this meeting that the federal laws, which are now being enforced against the raisin growers, should be changed so as to permit the raisin growers to organize themselves into a co-operative association, and to sell their product through such an association.

"Fourth—That we are business men and raisin growers, and we desire to be law-abiding and patriotic citizens, and we desire to be able to sell our product through a co-operative association, and to be able to compete with the foreign raisin growers on a basis of equality.

"Fifth—That we are business men and raisin growers, and we desire to be law-abiding and patriotic citizens, and we desire to be able to sell our product through a co-operative association, and to be able to compete with the foreign raisin growers on a basis of equality.

"Sixth—That if the legislation sought is enforced that it will seriously disrupt the raisin-growing industry, and also the great and irreparable injury amounting to a calamity will result to this community and to our fair state.

"Seventh—That a copy of this resolution be sent to the attorney-general of the United States.

"The above resolution was unanimously adopted at a meeting of raisin growers and business men held under the auspices of Selma Chamber of Commerce on Thursday, September 16, 1920, at Selma, California.

Footwear News for Women

Graceful models—all fashionable lasts—and still more fashionable leathers. These are the smart shoes of the new season that arrived yesterday. Be first to see them—and to wear a pair. We call special attention to the following models—

Women's Cross-Strap Pumps of Suede 15.45

A model every woman will admire, for it is the latest design in strap pumps. Of black or brown suede—with very short vamp and dainty Louis XIV heel—women's and misses sizes.

Women's One-Strap Pumps—Very Smart 14.50 and 15.45

These with leather vamp and suede quarter—one of the prettiest shoes of the new season. Covered heels make them all the more attractive. Black, 14.50; brown, 15.45; all sizes.

Women's One-Strap Pumps in Black 14.50

Of fine kid are these one-strap, cut-out pumps that promise to be great favorites for dress wear this season. Short vamps, Louis XIV covered heels and hand-turned soles.

Soft Draped Velvet Hats 6.98-8.98-10.98

There's a clever dash to the hats of this type. They give a touch of jauntiness to early-season costumes that women find irresistible.

Perky stick-ups, novelty ostrich and ribbon trimmings give the finishing touches that make them positively adorable. Our prices for these hats are decidedly conservative—when you consider that none of them are more than 10.98, and that you may buy yours for as low as 6.98.

CUT HOLIDAYS TO THE MINIMUM EDWARDS URGES

Superintendent Asks the Schools to Make Up Epidemic Time Loss

Suggests Possibility of Day Holiday For Fair

Cutting of holidays and vacations in the Fresno county schools to the minimum to make up for the time lost during the influenza epidemic of the past two years is one of the recommendations made in a report forwarded yesterday by County Superintendent Charles Edwards to the board of trustees.

"There are certain occasions of sufficient educational and community importance, however, to justify the declaring of a holiday by boards of trustees," says the superintendent in his bulletin.

This is preparatory to suggesting the propriety of selling one day during the county fair for the closing of the schools and suggesting that Monday, the opening day of the fair, had been designated as a day of rest.

Edwards says, "In his communication, Superintendent Edwards urged that all teachers placed in charge of schools should first file their certificates, or life diplomas, with his office. Failure to do so, under the law, bars the teacher and the pay and jeopardizes the district's appropriation from the state and county."

The superintendent also calls attention to a change in the compulsory education law requiring the attendance of children of the ages of 14 to 17, not attending full time school, to take part-time high school work until the end of the term following their reaching of the age of 17 years.

Police Recover Stolen Machines

Three automobiles reported stolen yesterday to the police were recovered later in the day. An automobile belonging to George Townsend and J. C. Farnham, which had been stolen by a driver, was recovered after the driver was found later by the police. The men are in custody.

The Knox-Murphy company reported that an automobile belonging to the company was stolen from Van Ness and Court streets during the morning. It was located by the police at Fifth and Huntington avenue in the afternoon.

The stolen automobile of W. D. and G. C. Moore, taken from Zappas park late Wednesday evening, was found wrecked at Ventura avenue near the County Hospital yesterday afternoon. A motor car struck the stolen auto as it rounded the curve. The car had been left on the car tracks when abandoned by the thieves.

PLAN RENT STRIKE
LONDON, Aug. 21. (By Mail)—The movement to organize a rent strike as a protest against high prices arranged by the National Union of Ex-Soldiers is stated to be making progress, says "The Times." The union is at present engaged in getting people to sign pledge forms that they will cease to pay rent on the issue of the strike proclamation until prices are down by four shillings in the pound. The number of pledges required has been provisionally fixed at 2,000,000.

MEXICANS CELEBRATE INDEPENDENCE DAY

160th Birthday of Freedom from Spanish Yoke Observed

A gala festival, starting with a dance Wednesday evening and ending with an all-night carnival and fireworks at the Auditorium which started last evening at 8 and which continued until an early hour this morning, made this year's celebration of Mexico's fourth of July a wonderful success.

Mexico yesterday celebrated her 160th anniversary of independence from the yoke of Spain, throughout the world. In Fresno, the Mutual Society of Mexican Workers No. 1 had charge of the celebration. Alex Castellan, deputy sheriff, was the chairman of the arrangements committee.

Yesterday morning the day's celebration started with explosions of giant firecrackers and bonfires. Later in the morning a monster parade, in which many prominent Mexicans participated, was held. The parade was headed by a Mexican band and a large number of automobiles in the Mexican colors.

Farmers at Modesto Claim Excessive Tax

MODESTO, Sept. 16.—Charged by farmers in Stanislaus county that the canneries are taking off excessive weights for the late crop tax, a lawsuit has been filed in the Stanislaus County Court by Fred Park of the Stanislaus County Farm Bureau. He will contend with the county auditor of weights and measures and it is the case against the canneries will be fought.

It is charged by one farmer that he is losing from 15 to 25 per cent because 7-pound tax boxes are being marked as weighing eight, nine and ten pounds by the canneries.

It was stated by Mr. Park that in one county this matter had come up and when investigation showed that the charges were true the packing company was forced to return \$5000 to the farmers.

BRIDE CHARGES ARE DISMISSED

Cases Against Three Policemen Dropped By State

The Chinatown scandal, which shook the Fresno police department last year, had its final disposal in the superior court when Deputy District Attorney H. J. Carling, representing the state, moved the dismissal of three charges against three members of the force.

The officers, two of whom remained on the force, were arrested on indictments brought by the county grand jury. They were Fred Koll, Frank Joseph and Ralph White. Joseph was tried, a superior court jury sitting on the charges reported a disagreement.

The formal motion for the quashing of the indictments read that the actions were dismissed on motion of the district attorney for lack of evidence and in the furtherance of justice.

A fourth case dismissed was a statutory charge against H. C. Thompson, who was imperiously tried for rape alleged to have been committed against his 16 year old niece. A jury in Judge McCormick's department of the superior court was unable to reach a verdict in the Hooper case.

Judge Austin sentenced Primitivo Solis to serve a four month's jail term after the defendant had entered a plea of guilty to a charge of receiving stolen goods. Solis was arrested by Constable John Ford of Fowler and faced information on three counts. The court in pronouncing judgment took cognizance of the two months served by Solis.

Little Probability of Rain Here Today

The outlook felt by growers by the first report from the weather bureau yesterday, after an abundance shower for the evening or today was relieved by the latest statement of W. E. Bennett to the effect that today will be cloudy but with little probability of rain.

Unsettled weather has developed over the southwest with slight local rains in the extreme southern part of the state, southern Nevada and Arizona.

Scots to Elect New Officers Tomorrow

Fresno Pyramid No. 10, Scots will hold a big meeting tomorrow evening in the W. O. W. auditorium for the purpose of electing new officers. Henry Foster is the retiring master and two of the officers, Mohi Thomas and Marjorie Goodfriend have left Fresno, leaving these places vacant.

INJURIES PROVE FATAL TO WOMAN

Mrs. W. W. Cox, Injured in Culler Accident Saturday, Succumbs

CUTLER, Sept. 16.—Mrs. W. W. Cox, injured in the Culler accident yesterday evening at 10 o'clock as the result of an automobile accident in Cutler last Saturday, Mrs. Cox was run down by an automobile driven by Mrs. Lester Melzide and suffered a fracture of skull, concussion of the brain and internal injuries.

She is survived by her husband and a sister in Iowa.

An inquest was held in Visalia this afternoon.

G. O. P. SENATOR TO SPEAK HERE

Senator Lenroot of Wisconsin to Visit City September 24

United States Senator Lenroot of Wisconsin will be the chief Republican speaker here during the current campaign in the interests of the Republican national ticket. The senator is expected to appear here on Friday evening, September 24.

The G. O. P. county central committee was notified yesterday that Senator Lenroot was scheduled to visit Fresno and arrangements were started yesterday for the meeting, to be held in the court house park. He will speak in his own California efforts on Friday, Sept. 24, and Fresno.

On the opposite side of the political fence, Democratic County Chairman James H. McLaughlin, chairman of the club-woman and delegate to the party's national convention, would be the chairman at the Lenroot meeting to be held next Monday evening in the court house park.

The senator, who is a candidate to succeed himself, will be at Merced about 5 p. m. while his meeting here is scheduled for 8 p. m. On the following day he will address gatherings at Hanford and Delano.

Notification of the appointment of Senator Lenroot, H. M. Barnwell, and H. L. Ayerworth, as local representatives of the Democratic national finance committee was received yesterday in the form of letters from W. W. Marsh, chairman of the national committee.

High Teachers' Union Elects New Officers

Officers for the ensuing year were elected by the high school teachers' union yesterday afternoon. The following being chosen: President, M. H. Hawkins; first vice president, H. C. Winkler; second vice president, M. E. Edwards; secretary, M. E. Edwards; treasurer, Miss Ida Bernard; members of council, Miss Jeanette Miller and Mrs. W. W. Marsh.

Miss Josephine Colby and Miss Jeanette Miller were elected to represent the high school teachers' local at the annual convention of the State federation of labor which is to be held in Fresno in October.

Scout Troops Hold Meetings Tonight

Remembering their meetings for the fall work with energy, six troops of the Boy Scouts of America are scheduled to hold their regular weekly meetings tonight at their respective scout headquarters. Scout Executive Henry Hopkins said yesterday.

Troops scheduled to meet tonight are 1, 2, 3, 4, 5 and 7, the scout leader stated last night.

McLane Back From Normal School Meet

President C. L. McLane of the Fresno State Normal school returned yesterday from Berkeley where he attended a conference of normal school heads for the purpose of giving over the proposed legislation which is planned to inaugurate this year. The proposition to change the normal to a teachers' college with credit leading to a degree is one of the chief questions to be brought up.

Is "falling in love" enough reason for getting married?

America's great divorce problem begins with our marriage problem

34,000 babies of unmarried mothers born here each year

What becomes of them?

THIRTY-FOUR thousand little babies that nobody wants to live.

What becomes of the thousands of these little babies that disappear quietly each year—with some one getting paid for each disappearance?

What becomes of the thousands of frightened unmarried mothers blackmailed to the last penny? Would you believe that there is in America an organized method for getting rid of nameless babies?

Dorothy Canfield exposes the whole dreadful traffic-in-babies article in Pictorial Review for October entitled "A Square Deal for the Nameless Child."

It will tell you facts almost incredible, but proved. When are we going to act? When are we going to do what France did? Every wife and mother should read this shameful record.

Home-making as the modern woman does it

- Do you know how Mrs. Martin saves money on Meat? (page 69)
- Do you know twelve recipes for Pickles? (page 37)
- Do you know how to make Desserts without Sugar? (page 63)
- Do you know 17 Kansas Recipes? (page 94)
- Do you know how to Make A Home and A Living? (page 134)
- Do you know how to have a Perfect Laundry? (page 52)

MARRIAGE is like the movies," said one young war-bride-Reno-divorcée. "You can go into the show and if you don't like it you can get up and go out."

War-brides figured in forty per cent of last year's Reno divorces—ending marriages of haste and passing excitement!

In nearly half our states it is not even necessary to register a marriage.

And look at our divorce courts!

In a single year the divorces granted in America were more than double the number in twenty European countries combined. We have forty-eight separate divorce laws—one for every state.

Did you know that if you marry a divorced man, you can later be named as his correspondent?

That at the beginning of a trip you may be a man's wife and at the end—not his wife?

That if you take your children out of the state they may become illegitimate?

That you can be the legal wife of two men, of either of them, or of neither—at the same time?

That at the same time you can be both single and a bigamist?

Helen Ring Robinson's discussion of marriage and divorce discloses some amazing, ludicrous and tragic results of our chaotic divorce situation. She gives a graphic pen portrait of Reno, the divorce-boom town, what it is and what it does.

Read her revealing, thought-provoking article. It contains facts that no American woman should be ignorant of. Don't miss

"Taking the cure at Reno"

Big fall fashion number

Do you know the proper length for skirts this fall?

Do you know how long sleeves are going to be?

Will you wear high neck or low?

These are the things every well-dressed woman wants to know, and these are the very things the October Pictorial Review tells you! Women of refinement, always seeking the new and beautiful in dress, will have their ambitions gratified in the charming styles shown in Pictorial Review for October. All the latest Parisian novelties:

- The new beauty Window dresses
- The new Coat dresses
- The new Moyen Age dresses
- And the new Peg Top dresses

And don't forget that perfect-fitting Pictorial Review Patterns enable you to reproduce every one of these new styles.

A great collection of unusual short stories

Edward J. O'Brien, the noted critic, has frequently stated that Pictorial Review publishes more short stories of first quality than any magazine in its class. In this issue are eight complete stories that clearly indicate why Mr. O'Brien has bestowed signal honors on Pictorial Review fiction.

Do you like a grim, fantastic story? Read "Footfalls" by Wilbur Daniel Steele.

Do you want to laugh? Read "La Douleur" by H. Collinson Owen.

Does Oriental romance charm you? Read "The Lute of Jade" by Ahmed Abdullah.

Do young people's love affairs interest you? Read "Love's Derelict" by Leona Dalrymple.

Do you like to solve a mystery? Read "Red Gulls" by Ethel Watts Mumford.

Do you like to read of queer people? Read "The Refuge" by Mary Cholmondeley.

For a mystifying character study read "The Strange Case of Mr. Nix" by Hugh Walpole.

To The Members of The California Associated Raisin Company

If You Were "Coerced" Your Contract Will Be Released

Suit has been brought by the Attorney General of the United States to dissolve our Company under the Sherman Anti-Trust Law. One of the allegations of the complaint is that the company resorted to "undue persuasion, coercion, and intimidation" in procuring signatures to contracts.

This we emphatically deny. Our soliciting of contracts was conducted with proper dignity and in a spirit of absolute fair dealing. But the independent packers, who are our competitors and whose activities have been responsible for the proceedings against us, have apparently convinced the Department of Justice that our methods were improper. In the same spirit of fair dealing, we are submitting our cause again to the growers, asking your honest opinion. We are confident of your unswerving loyalty and have no fear as to the result.

If any grower signed unwillingly and under the influence of "undue persuasion, coercion or intimidation," the Company will release his contract. He has but to make an affidavit that his contract was so signed and present it at the office of the Company at Fresno, Cal., on or before Friday, September 17, 1920. The affidavit should be in the following form:

STATE OF CALIFORNIA, COUNTY OF		is	being first duly sworn, deposes and says: That he is a resident of the County of State of California, and
a native of that he is the owner of (or lessee of; or, that he holds under a contract of sale) a raisin vineyard in the County of		consisting of acres of such vineyard; that on or about the day of 191....., affiant entered into an agreement in writing with Cal-	
ifornia Associated Raisin Co., a corporation, whereby the said corporation agreed to purchase and affiant agreed to sell all of the crops of raisins to be produced during the years 1918, 1919 and 1920 on the said vineyard, which agreement also gave the said corporation an option to extend the same during the years 1921, 1922 and 1923; that affiant did not enter into the said agreement voluntarily and of his own free volition but through improper methods of inducement and coercion as follows:			
.....			
Subscribed and sworn to before me this day of September, 1920.			
Notary Public in and for said County and State.			

Satisfied Members of the Company

Can be of invaluable help in this crisis in our affairs. We have been summoned to appear before the Federal Court at Los Angeles, on Monday, September 20, 1920, to show cause why an injunction should not be issued restraining us from continuing our operations. It is scarcely necessary to emphasize the disastrous consequences of the granting of such an injunction at this time, when the crop is on the trays and the season's run at hand.

Growers Who Have the Interests of the Company at Heart

who signed their contracts willingly and with complete understanding, and who wish to help in the protection of our interests, are asked to furnish us at once with affidavits to this effect. Affidavits, which will be in the following form, will be available at your nearest bank, where a Notary will be at your service throughout the week:

IN THE DISTRICT COURT OF THE UNITED STATES, IN AND FOR THE SOUTHERN DISTRICT OF CALIFORNIA, NORTHERN DIVISION		
UNITED STATES OF AMERICA, Plaintiff	—vs—	STATE OF CALIFORNIA COUNTY OF ss.
CALIFORNIA ASSOCIATED RAISIN COMPANY, a Corporation, et al, Defendants.	B-67 EQUITY	
..... being first duly sworn, deposes and says: That he is a resident of the County of State of California, and a native of that he is the owner of (lessee of; or, that he holds under a contract of sale) a raisin vineyard in the County of consisting of acres of such vineyard; that on or about the day of 191....., affiant entered into an agreement in writing with California Associated Raisin Co., a corporation, whereby the said corporation agreed to purchase and affiant agreed to sell all of the crops of raisins to be produced during the years 1918, 1919 and 1920 on the said vineyard, which agreement also gave the said corporation an option to extend the same during the years 1921, 1922 and 1923; that affiant entered into such agreement voluntarily and of his own free will and volition; that he was not induced or persuaded to enter into the same by or because of any improper methods of inducement or any coercion of any kind or character whatever exercised upon him; that he entered into said agreement for the reason that he considered it to be for his best interests so to do and because of the fact that he then fully realized and ever since has and now does fully realize and believe that only through the workings and operations of the California Associated Raisin Company can the interests and welfare of affiant and raisin producers generally in the State of California be cared for and protected. Affiant further states that he has no knowledge of any improper methods or of any acts of coercion which were practiced or employed by the California Associated Raisin Company or by its representatives or agents in the matter of procuring contracts from the growers of raisin grapes to sell and deliver such grapes exclusively to the said corporation, but that on the contrary, it is affiant's belief that such contracts were entered into by the growers willingly and voluntarily and only by reason of the fact that through the operations of said company alone can the interests and welfare of the raisin producers of the State of California be protected and maintained. Affiant further states that he is now fully satisfied with the said agreement and desires that it shall continue in force, and further states and believes that if the enforcement of said agreement be at this time restrained, great hardship and irreparable loss will result to affiant because of his inability other than through the operations of said agreement with said California Associated Raisin Company to handle, market or sell his raisin crop for the year 1920, which affiant estimates to be of the approximate quantity of tons, and of the approximate value of Dollars.		
Subscribed and sworn to before me this day of September, 1920.		
Notary Public in and for said County and State.		

The time is brief and prompt action is essential. We must have these affidavits on or before Friday, September 17th, 1920.

VETERAN DRIVER INJURED DURING CIRCUIT RACES

Pop Geers Thrown from Sulky While Driving Wiki Wiki

M'Donald Pilots King Watts to Victory in Main Event

SYRACUSE, N. Y., Sept. 16.—Edward P. "Pop" Geers, veteran harness driver, suffered a painful injury when thrown from his sulky in the first race of the Grand Circuit held on the state fair track today. The veteran driver, who was driving the "Wiki Wiki" team, was thrown from the sulky in the second race of the circuit, and was unable to resume his driving at the Coliseum meeting Monday.

King Watts, driven by A. McDonald, captured first honors in the Grand Circuit race today. The "Wiki Wiki" team, driven by Geers, and after the accident in the second race, finished in third place. Wiki Wiki made a spectacular finish to take second place in the second race, but was thrown from the sulky, barely crossing the line under the wire. Geers sent Goldie Todd across the line an easy winner in the first heat of the 2:15 race, and McDonald captured the second heat behind the Geers mount.

LEGION PLANS TO ORGANIZE STRONG FOOTBALL SQUAD

Members of the American Legion athletic committee stated yesterday that a meeting will be held by the group in the future for the purpose of formulating plans for the 1921 Fresno American Legion football team. E. L. Jewett, athletic director, stated that he had received a letter from the All Legion team of San Francisco asking for a game to be held in this city on Thanksgiving Day.

Among the thousand members of the Fresno team there are a number of college-grade athletes and indications are that Fresno will be represented by one of the strongest grid teams in the state. It is not known at this time what steps will be taken regarding the game with the San Francisco team, but every effort will be made. It was stated to arrange the contest.

It is not as if the world is a flat plain. It is a vast, open space, a place where the mind can wander freely. The world is a canvas, and we are the artists. We paint our lives with the colors of our experiences, our emotions, and our dreams. We create a masterpiece that is uniquely ours. The world is a journey, a path that leads us to the heart of things. It is a journey of discovery, of growth, and of transformation. The world is a place where we can find ourselves, where we can become who we truly are. The world is a place where we can make a difference, where we can leave a legacy. The world is a place where we can live, love, and laugh. The world is a place where we can be happy. The world is a place where we can be free.
